# THE THRIFT

Founded by Charles Pratt, 1889

Incorporated Under the Banking Laws of the State of New York, 1907

## MONEY LOANED

to assist persons of moderate means to purchase or build their own homes, or to pay off existing mortgages.

The Thrift's booklet explains in detail the method by which this is done. A postal request will bring it, or if you will write us the particulars of any plan you have in mind, we shall be glad to reply fully, or discuss the matter with you if you will call.

**DEPOSIT ACCOUNTS** which may be opened in The Thrift are also explained in the booklet.

The Thrift is open daily from 9 to 5 o'clock, closing at noon on Saturday. Open Monday evenings, 7.30 to 9.

...WITH THE...

## DICTOGRAPH-TURNER TELEPHONE SYSTEM

You Can

Sit back in your chair and talk to anyone around your office or plant without talking into a transmitter or holding a receiver to your ear.

You Can

Give orders to one or more employees at the same time.

You Can

Dictate letters to your stenographer, located in another office, and be free to move about as if in the same room.

You Can

— But what's the use. There are so many individual features about this system that it would take a volume to tell you all about them in print, whereas our representative could show you the instruments in five minutes and you could see for yourself at a glance just what this system is doing for the New York Edison Co., Bankers Trust Co., National City Bank, B. Altman & Co., Lord & Taylor, etc., etc.

Phone or write for demonstration in your own office.

No. 6 BLICKENS DERFER

# The Traveler's Typewriter

## BUILT OF ALUMINUM and STEEL

A strong, durable, light machine made especially for people who travel. Also for home use.

A HIGH GRADE machine at a LOW PRICE, having all the latest improvements and capable of doing all the work required of a typewriter.

Has a great speed, is easy to operate, no instructions needed.

Simple in construction. Furnished complete with fine leather carrying case.

## THE BLICKENS DERFER MANUFACTURING CO

EXECUTIVE OFFICES AND FACTORY:

STAMFORD, CONN.

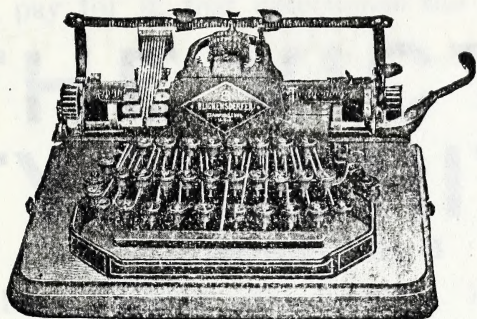

NEW YORK OFFICE: 240 BROADWAY

**HIGH VALUE AND LOW PRICE  
THAT IS WHAT YOU GET IN A No. 8**

# **Blickensderfer Typewriter**

The New No. 8 Blickensderfer Typewriter has all the LATEST IMPROVEMENTS in the typewriter line. Decimal Tabulator, Back Spacer, Roller Bearing Carriage, Adjustable Margins, Paper Release, Automatic Pointer, Automatic Line Spacer, Variable Line Spacer, Interchangeable Type, Visible Writing, and Direct Inking and Printing.

It combines all the best features of other typewriters and, in addition, has special features of its own not found in any other make.

It has great strength and durability, is easy to operate, requires no instructions.

**A TYPEWRITER FOR EVERYBODY**

# Measure Typewriter Cost

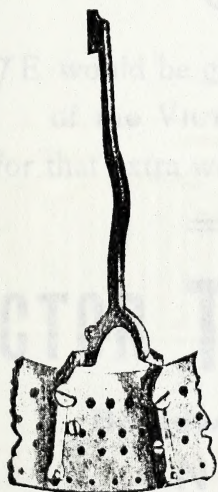

It is the life of a typewriter, not what you pay for it, that determines the total cost.

## THE VICTOR TYPEWRITER

### MODEL No. 3

combines durability with visibility. It is built to last and not to "trade-in" in a year or two. It has all the good points of other machines and a few extra ones of its own.

#### For instance—

THE VICTOR  
TYPE BAR

The type bar stands on an inch-wide bearing, insuring permanently perfect alignment.

The ribbon lasts twice as long as on other machines, as it prints in four paths instead of two.

A simple and accurate decimal tabulator is built into every machine and at no additional price.
